COLLECTION CART SERIES

Royal Basket Trucks® has introduced a line of Collection Carts that offers the standard capacity of vinyl and plastic carts with a fresh appearance. All Royal® Collection Carts are made in the USA.

The Royal® Single and Two-Compartment Carts are ergonomically designed to be narrower and a bit taller than standard style carts. This allows for easy maneuvering through hallways and tight spaces, while also maintaining the capacity required. The Square Cart provides a durable option to a folding cart and can accommodate spring lifts, nylon bags and other accessories. All Royal® Collection Carts are made in the USA.

TILT TRUCK SERIES

The Royal Basket Trucks® Tilt Truck Series is a durable product line that is designed as an extension of Royal's® Heavy Duty Poly Series to maximize the efficiency of material handling in many industries. The Tilt Truck Series is available in ½-yard and 1-yard sizes, offering different styles. The Tilt Truck Series product line includes a seamless durable plastic tub that is easy to clean and sanitize, maximizing the overall efficiency. All products within the Royal® Tilt Truck Series are made in the USA.

The Royal® Tilt Truck Series is a dependable and versatile product line for material handling. The polyethylene body with double-walled top is designed to increase efficiency while offering strength and support through the heaviest of loads. The powder coated steel frame and base features two 10" standard rubber wheels with 1 or 2 swivel casters for easy maneuvering. The Tilt Trucks are produced in four standard colors; black, blue, gray and red. Other colors are available upon request. Molded hinged lids, vinyl covers, custom labeling & branding available.

HEAVY DUTY SERIES

The Royal Basket Trucks® Heavy Duty Poly Truck Series meets the needs of a variety of applications in many industries and environments. The Heavy Duty Poly Truck Series is designed to be durable as it is 30% thicker than the standard Royal® Poly Truck. The Heavy Duty Poly Truck Series is crafted to withstand continuous use, as well as heavy duty applications. All products within the Royal® Heavy Duty Poly Truck Series are made in the USA.

The Royal® Recycle Carts offer an efficient design for heavy duty material handling. This product line is ideal for scrap metal, construction debris, trash and more. The Recycle Carts are constructed with a durable polyethylene tub which includes a double-wall top for additional strength and support. Carts transport with ease on 4" hard rubber casters mounted to a powder coated steel channel base. Available in 2 sizes, along with locking lids and powder coated steel forklift bases. Ships fully assembled.

ROUTE TRUCK SERIES

The Route Truck Series of carts by Royal Basket Trucks® is designed to offer carts that meet the demanding needs of the uniform industries and others offering delivery and pick-up services. The series is designed to optimize efficiency while maintaining focus on ease of use. It offers carts for collecting and transporting linen and mats. Many of Royal's® standard carts featured in other series are used in this market segment and can be customized to better meet the requirements of use within the diverse variety of environments. All Route Truck Series carts are made in the USA.

New to the Royal® product line, the Route Truck Series carts are durably designed and can withstand the demands of any job. The Heavy Duty Linen Cart is ideal for commercial laundry applications and fits nicely in route trucks. The polyethylene tub features molded hand holes for easy maneuvering. The Heavy Duty Mat Cart is available in a horizontal and a vertical configuration. Both feature powder coated steel frame and base and have a solid bottom insert designed to collect moisture and debris. The Light Duty Mat Cart is designed for less demanding environments; a great fit for athletic mats.

The Royal® Bulk Tambour Door and Bulk Security Trucks are constructed of a heavy duty polyethylene tub mounted to a powder coated steel base. The tapered floor design with larger drain slots is ideal for efficient drainage. They maneuver easily on heavy duty 6" non-marking polyurethane casters. The Bulk Tambour Door features a full-front cut-out for accessibility with two permanently molded shelves rated for 150 lbs. each and a roll-top locking door. The Bulk Security Truck features a 2-part lid closure with hasp for additional security. Both ship fully assembled.

BASKET TRUCK SERIES

The Royal® Basket Truck Series is a versatile and durable product line that is crafted to meet the needs of daily operations within many industries. This Basket Truck Series serves a variety of applications as it is available in numerous sizes. Each Basket Truck has the option of a wood or steel wire base as well as different sizes of non-marking casters. This extensive product line is designed to be versatile and applicable in many environments. The heavy duty vinyl is manufactured to withstand wear and tear. Each Basket Truck ships fully assembled, with exception of the 6-bushel Elevated Basket Truck and the Knock Down Basket Truck, which require minimal assembly. All Royal® Basket Trucks are made in the USA.

The Royal® Permanent Liner Basket Truck series is a versatile and durable material handling cart that is offered in 9 sizes and 13 vinyl colors. The Permanent Liner Basket Trucks are constructed of a vinyl or canvas liner that is permanently attached to a steel wire frame. Carts are available on a kiln-dried hardwood base or a powder coated steel base. Three inch non-marking polyurethane casters come standard on the Permanent Liner Basket Trucks. Custom branding, accessories and upgrades available.

HAMPER SERIES

The Royal Basket Trucks® Hamper Series product line is ideal for a variety of applications in Healthcare, Hospitality and other environments. The Hamper Series offers two styles that are available in vinyl and mesh. This product line is designed to maximize efficiency for all applications. Each product in the Hamper Series comes with minimal assembly making it ready to use that day. The Royal® Hamper Series is made in the USA.

The Royal® Hampers are a convenient and collapsible series making them ideal for all applications from laundry, recycling, spa/pool, as well as sports equipment and more. The Hamper Kit includes a 30-gallon bag and galvanized steel stand. Hamper Bags are constructed of breathable mesh or tear resistant vinyl. Identifying specific use or a generic hamper is easy with Royal's various Hamper Bag styles. If not standard, the bag can be labeled Enviro (recycle), Towel or Pool Towels. Also available with or without attached cover. Additional hamper stands and 30-gallon bags are available.

LAUNDRY SERIES

Royal Basket Trucks® continues to offer superior cart solutions to support commercial laundry operations. The Royal® Laundry Series is an extensive product line that is designed to optimize efficiency and maximize ease of use in many applications. Options like single or double hanging rods, drop-in dividers and frames, as well as extractors and flatwork ironer carts are available in this series. All products within the Royal® Laundry Series are made in the USA.

The Royal® Extractor Truck and Heavy Duty Extractor Truck are designed for use with large extractor laundry equipment and laundry drops. Brass, rust proof grommets in the bottom of each bag for breathability and drainage. Available in 4 standard sizes with 4" or 6" non-marking polyurethane casters.

PVC SERIES

The Royal Basket Trucks® PVC Series is a reliable product line that meets the needs of a variety of applications throughout many industries. Each product within the PVC Series is available in a variety of sizes and standard colors. The PVC Series is constructed with a durable tubular PVC frame and locking polyurethane casters for easy use. All products within the Royal® PVC Series are made in the USA.

The Royal® PVC Hampers are durable collection hampers ideal for healthcare and hospitality, as well as linen and laundry collection. The carts are constructed of a PVC tubular frame with an ABS plastic lid (excludes the 50-gallon hamper). The breathable mesh liners are available in 7 standard colors. Select models feature foot pedal for hands free opening and closing of lid. 24-gallon and 35-gallon available in single, double, or triple configurations. PVC Hampers are designed with 3" non-marking polyurethane stem casters; two locking to keep hampers stationary.

The Royal® PVC Towel Station is a complete towel solution ideal for sorting and collecting towels in pool areas, spas, and locker rooms. Constructed of a PVC tubular frame, the PVC Towel Station is available in 2 standard sizes with one or two shelves and 4" non-marking polyurethane stem casters - two locking. Designed with a labeled vinyl or mesh cover. It also comes standard with one towel return cart. Minimal assembly required. Additional Return Carts, replacement parts and accessories available.

CUSTOM PRODUCTS AND BRANDING

A close-up photograph of a baseball with red stitching resting on a wooden baseball bat. The bat and ball are in sharp focus in the foreground, while the background shows a blurred baseball field with green grass and reddish-brown dirt. The top of the image features a dark blue header with white and yellow wavy lines.

Custom solutions with Royal Basket Trucks® has the power to elevate your efficiencies and your brand. Make your logo stand out with custom branding by Royal Basket Trucks®. Royal® also offers a line of custom products that can be designed to meet the needs of many industries and environments. All Royal® Branding and Custom Products are made in the USA.

Royal Basket Trucks® efficiently modifies standard carts and manufactures fully custom carts. A fully custom designed solution, from an engineering concept – to design – to manufacture, is easy when working with Royal®.

CUSTOM CARTS

Royal Basket Trucks® offers a variety of solutions that are geared towards the customer's wants and needs. Our manufacturing process allows specific modifications to our current product line. Custom solutions are easy when working with Royal®.

CUSTOM SOLUTIONS

Branding and labeling is a powerful way to improve cart use in any environment. Royal Basket Trucks® offers printing (on vinyl and canvas carts) and labeling (on poly carts). Branding and logo placement are ideal for increased recognition and awareness. Show off your brand or a specific function easily with Royal® as your partner.

For nearly 40 years, Royal Basket Trucks, Inc.[®]
has specialized in and committed to
providing top line cart solutions
and service you can rely on.

RETURN POLICY: Returns are available thirty (30) days from date of shipment. Prior approval is required. A 25% restocking fee will be charged. Returned goods will not be accepted without a Returned Goods Authorization (RGA) number issued by Royal Customer Service. Freight must be prepaid by the shipper on all returns. Returns must be properly packaged to avoid damage. A service charge will be added, if necessary, to perform work to make the items sellable. Non-returnable items include any 3 or 4 bushel basket trucks, spring lifts, accessories, large orders, custom orders or products assembled by customer.

DAMAGED SHIPMENTS: All shipments should be inspected for damage upon arrival. Any damage should be noted on the freight bill and a claim must be properly filed directly with the carrier by the payer.

NOTICE REGARDING COLORS: Colors shown are as accurate as printing allows, some variations may exist.

WARRANTY: All products are warranted against defects in materials and workmanship for ninety (90) days from delivery. Defective products will be replaced (F.O.B. Darien, WI) if returned during warranty period. No returns are allowed without a Return Authorization Form.
